Marshall Terrace Fall Festival!

The Marshall Terrace Neighborhood Organization (MTNO) (*formerly Concerned Citizens of Marshall Terrace*) is excited to announce the 1st annual Marshall Terrace Fall Festival on Thursday, October 19th! This will be the first of regularly scheduled quarterly events hosted by MTNO for the neighborhood.

These events are meant to give MT residents an opportunity to socialize with neighbors, learn about neighborhood news, and participate in neighborhood planning.

The Fall Festival will be at **56 Brewing** and will include family-friendly activities, neighborhood information, a food truck, and beer. (*Non-alcoholic drinks will also be available.*) Details in the box on the right.

Marshall Terrace Online

Don't forget: the Marshall Terrace Neighborhood Organization (MTNO) has a website, Facebook page, and Twitter account.

Our website is:

www.marshallterrace.org

Check out the website and, while you're there, **like us on Facebook and/or follow us on Twitter**. You can find links to our Facebook & Twitter accounts on the website.

Our Facebook & Twitter accounts are used to announce events, news, and neighborhood updates. They also provide venues for neighbors to discuss community issues and to get to know one another.

Spero Academy to Open in Marshall Terrace

Spero Academy, a Northeast Minneapolis-based public K-5 elementary charter school, is building a new location at 2701 California St. NE.

The City Planning Commission approved the school's plan at its July 17th meeting. The new school building will be two stories, 64,000 square feet with 21 classrooms, a gymnasium, cafeteria, and specialty classrooms. It is their goal to be open for the 2018-2019 school year.

The project site includes a 100-space surface parking lot accessible from California Street

Rendering submitted to City of Minneapolis

Northeast, and a play area proposed to be on the north end of the lot.

The two main exterior materials will be white precast concrete panels and a stained wood-look precast concrete that will attempt to read as horizontal siding.

"By all these lovely tokens September days are here, With summer's best of weather, And autumn's best of cheer." - Helen Hunt Jackson

Citywide Organics Recycling Program Turns One

More than **45,000 households** have signed up to participate in the City's organics recycling program. The City collects food scraps, coffee grounds, meat trimmings, paper towels, and many other items weekly from households for composting.

In the first full year since organics recycling rolled out citywide, participating residents – almost 43 percent of Solid Waste and Recycling customers – diverted almost 4,000 tons of organics from the trash for composting. That's **175 pounds of organics per household**.

And it's pretty clean; less than 1% of what residents are placing in carts is not acceptable material. The most common contaminants were plastic-lined paper products. This includes decorative paper plates, boxes from frozen pizza and other frozen foods, take and bake pizza trays, paper ice cream tubs, milk cartons, non-compostable to-go containers and coffee cups, Chinese food containers, butcher paper, and butter wraps.

Customers who participate in organics recycling allow organic material to be put to a better use through composting. Solid Waste & Recycling customers who have not signed up to participate in the program may do so at any time by visiting www.minneapolismn.gov/organics. There is no extra cost, but you have to sign up. Residents who participate in the program may be able to reduce the size of their garbage carts and save money on their City of Minneapolis utility bill.

Organics recycling includes:

- All food scraps including fruits, vegetables, bones, meat, breads, pasta, nut shells, eggshells, and dairy products.
- Non-recyclable and food-soiled paper products including paper towels, napkins, facial tissues, egg cartons, and pizza boxes.
- Certified compostable paper cups, plates, bowls, utensils, bags, and takeout containers.
- Other compostable items including coffee grounds, tea bags, wood chopsticks, popsicle sticks, toothpicks, hair, and houseplant trimmings.

Organics recycling does not include yard waste; pet waste, litter or bedding; milk cartons; ice cream tubs; Chinese food containers; dryer lint; dryer sheets; diapers; sanitary products; cleaning or baby wipes; grease; oil; Styrofoam; foil-lined products; non-certified compostable bags and food service items; or products labeled "biodegradable."

Find more information at www.minneapolismn.gov/organics.

Get a Marshall Terrace Yard Sign!

Depicts the Lowry Bridge, the river, the herons, the skyline, and silhouettes of actual MT homes

Show your love for the neighborhood! Order a Marshall Terrace yard sign for your yard. Email MarshallTerraceMPLS@gmail.com with your address, and we'll deliver it to your door.

Be Kind to Local Wildlife

A Marshall Terrace resident reported two dead squirrels in her yard and another that was disoriented and stumbling.

Please be careful of pesticide and chemical use in your yard! It can be easily ingested by native wildlife with adverse and unintended affects to our local wild animals.

7th Annual Nordeast Brew Fest

East Side Neighborhood Services is hosting the 7th annual Nordeast Big River Brew Fest! All proceeds will benefit the programs of East Side Neighborhood Services.

Join them in sampling from an exciting and diverse array of micro and craft brews, and samples from local food vendors – great beer, great food, great friends:
