Inform the City's Transportation Action Plan

How do you travel around Minneapolis? The City wants to know and encourages you to take part in an online survey. Share your current travel habits and thoughts on what improvements could be made to the city's transportation options and infrastructure. You can also enter to **win one of two \$25 gift cards** if you complete the survey.

Public Works will use the information as it drafts the City's Transportation Action Plan, which will guide City priorities for transportation projects and policies over the next 10 years. Over the next year, Public Works will work with the

community to develop and gather feedback on the draft of the Transportation Action Plan. In the fall of 2019, Minneapolis Public Works will present the Transportation Action Plan to the City Council for approval.

Work on the Transportation Action Plan will also support the City's Complete Streets Policy, Vision Zero commitment, Climate Action Plan goals, and commitment to equity.

To take the survey, learn more about the plan and review the draft community engagement plan, go to minneapolismn.gov/gompls.
