St. Anthony Parkway Bridge Plaza Planned

As part of the St. Anthony Parkway Bridge project, developers are taking important steps to help mitigate the loss of the old bridge and its contribution to the Grand Rounds and BNSF Rail Corridor.

One exciting step is the planned creation of a "Historic Interpretive Plaza". This will be an overlook on the southwest corner of the crossing with an information kiosk about the bridge. Other plans as stipulated in the Memorandum of Agreement include:

- **Recordation of the Bridge:** professional documentation according to Historic American Engineering Record (HAER) standards, including photos and laser scan.
- **Scholarly Article:** a scholarly article has been prepared for publication by a qualified historian.
- **Design Review:** this will follow the Secretary of Interior Standards to minimize additional adverse effects to the Railroad districts and Grand Rounds.

Additional information and regular updates about the progress of the bridge can be found on the St. Anthony Parkway Bridge website at www.stapbridge.com.

Spring Street Sweeping Begins April 11th

With spring approaching, Public Works crews are gearing up to start the City's comprehensive street sweeping to clear away the grime from winter. The City has scheduled Tuesday, April 11th, for the first day of sweeping. Drivers parking at home or around the city should watch for temporary "No Parking" signs to avoid a ticket and tow.

From April 11th– May 5th, sweeping crews will take care of nearly 1,000 miles of city streets. Temporary "No Parking" signs will be posted at least 24 hours in advance. Make sure to follow the parking rules or you may have your car ticketed and towed to the Minneapolis Impound Lot. **Parking will be banned 7 AM.–4:30 PM on the day a street is swept.** The "No Parking" signs will be removed as soon as possible after a street has been completely swept to allow parking again. Remember not to park along these streets until these temporary "No Parking" signs are removed.

Even though the citywide comprehensive street sweeping program has not yet begun, crews have already started sweeping some commercial corridors at night as weather permits.

Interactive web tool – You can use a tool on the City's website to find out when the sweeping crews are coming through your neighborhood. By Friday, April 7th, you can go to www.minneapolis.gov/publicworks/streetsweeping and click on "street sweeping schedule lookup" to find out which week your street is scheduled to be swept.

Household & Outside Maintenance for Seniors

Senior Community Services HOME (Household and Outside Maintenance for Elderly) mobilizes open-hearted people to bring seniors affordable home maintenance and chore services delivered by trusted professionals and community volunteers.

The goal of the HOME program is to provide reasonably priced services to help seniors continue to live independently in their own homes. Their network of reliable workers and volunteers provide indoor and outdoor chore services to residents ages 60 and older in Hennepin County.

The HOME program offers help with housekeeping (*dusting, sweeping/mopping, laundry, grocery shopping*); household tasks (*changing light bulbs, installing grab bars, minor plumbing, changing furnace filters*); outdoor work (*shoveling, lawn mowing, seasonal yard work, window-washing*); and painting (*exterior and interior*).

What does it cost?

HOME is able to offer services based on a sliding fee scale. This means seniors contribute to the cost of the service based on their monthly income and ability to pay. HOME also accepts some insurance payments as well as the Elderly Waiver and the Alternative Care Grant.

How do I get started?

For program details, please contact them at 952-746-4046 or email HOME@seniorcommunity.org.
