Fall Street Sweeping & Yard Waste

Fall Street Sweeping

Street sweeping is one way in which the City of Minneapolis works to protect the environment; it keeps leaves and debris from clogging our storm drains and polluting our lakes and rivers. It also helps keep our neighborhoods clean and livable.

Minneapolis streets are swept completely curb to curb once in the spring and once in the fall. **This fall's sweep will begin Monday, October 20th.**

Streets will be posted at least 24 hours in advance. Parking on posted streets is prohibited from 7:00 AM – 4:30 PM.

For more information, and to access the *Street Look Up* tool for advance notice, visit www.minneapolismn.gov/publicworks/street_sweeping/ which will be routinely updated. Messages about parking restrictions are also available in multiple languages at this link.

Save the Date!

Our annual Neighborhood Holiday Party will take place **Friday, December 12th** from 6:30–8:30PM in the RiverVillage Community Room located at 2919 Randolph St. NE. All are welcome!

We'll have a potluck, an ugly sweater contest, door prizes, and more. Mark your calendars!

Yard Waste Collection

Yard Waste Collection will end the week of November 17, 2014.

Your last yard waste collection will be on your regularly scheduled garbage day during the week of November 17th.

Place yard waste out, prepared to collection guidelines, each week on your garbage day for collection. Minnesota state law prohibits disposing of yard waste with garbage and requires the use of compostable bags for collection of yard waste from your home.

Visit www.ci.minneapolis.mn.us/solid-waste/yardwaste/index.htm for details about yard waste preparation.

Election Day: November 4th, 2014

Election Day 2014 is
Tuesday, November 4th.
This will be a state general
election.

Marshall Terrace residents' polling place is:

RiverVillage

2919 Randolph St. NE
Minneapolis, MN 55418

Marshall Terrace Historian Mtng.

The Marshall Terrace neighborhood group, the Concerned Citizens of Marshall Terrace (CCMT), is creating an official history of the neighborhood, and we're seeking input from all you neighbors in the know.

If you have knowledge, documents, photos, or an interest in research, please join us at our first **Marshall Terrace Historian meeting**. Anyone can participate and help us build a written history of our historic neighborhood.

Historian Meeting Details:

DATE: Monday, October 20th

TIME: 6:30PM

LOCATION: RiverVillage Conference Room, 2919 Randolph St. NE

Questions? Contact us at 612-568-7422 or CMT568@msn.com.

GAF Meeting: October 23rd, 2014

Over the past 6 months, many Northeast residents have reported smelling strong asphalt-like fumes in the air at different times. The source of these fumes has been traced back to a roofing materials manufacturer, **GAF Corp, 50 Lowry Ave. N.**

The good news is that both the city and the county are aware of the issue and have been working with GAF to solve the problem. Join us for a special public meeting to discuss the issue and hear from guest speakers:

Organics Recycling Comes to Northeast

The City of Minneapolis Public Works Department, in partnership with the Minneapolis Park and Recreation Board, Audubon Neighborhood Association and Southeast Como Improvement Association, has opened **residential organics drop-off locations** at Audubon Park, 1320 29th Ave NE, and Van Cleve Park, 901 15th Ave SE.

Residential organics include all food waste, food-soiled and non-recyclable paper, and other compostable materials such as coffee grounds, filters, cotton swabs, dryer lint, and popsicle sticks. Yard waste and pet waste are not accepted. Residents must drop off their organic materials in a compostable bag (either paper or certified compostable plastic). Larger items such as pizza boxes and wax-coated boxes do not need to be bagged.

The drop-offs will be open to all Minneapolis residents at no cost. For the first two months, the drop-offs will be open **Tuesdays, 4:00–7:00PM** and **Saturdays, 10:00AM – 1:00PM**. During these first two months, volunteers will be present to answer questions and gather participant information from residents. Some information gathered will include the participant's neighborhood, the number of dwelling units in the home of the participant, if he/she rents or owns their home, etc. Following the volunteer-staffed time period, participants will be given the code to the locks on the organics carts to use the drop-off at their own convenience.

The purpose of these organics drop-offs is to engage and educate as many residents as

possible on what organics recycling is and how to participate prior to implementing a city-wide program. Information gathered from the drop-offs will be used to develop an effective educational plan for the implementation of a city-wide organics program.
